

Activity and Programmes Guide

Family Hubs are here to help you and your family, during pregnancy, through your child's early years and into school. We have a range of activities, groups and programmes for parents and carers to attend as well as for children and young people.

Having a family isn't always easy, but we are here to help.

Some activities and programmes are face-to-face sessions, but we also have online programmes that you can do at a time and pace to suit you.

Perfect if you cannot commit to the same day and times each week.

Please contact your local family hub to find out more
(unless otherwise stated).

You can find your local family hub at

www.durham.gov.uk/familyhubs

or on the back page.

Supporting you through pregnancy and preparing to become a parent

Understanding Pregnancy, Labour, Birth and your Baby - **Online** and in person

This course is for parents-to-be, grandparents, carers, relatives and friends - for everyone in the new baby's life. This course combines the traditional information given on an antenatal course such as looking after yourself in pregnancy, understand how you baby grow and preparing for giving birth, with a new approach to starting your relationship with your baby before your baby even makes an appearance! It explains how and why you are so important to this baby, whether you are the mother, father, partner, grandparent or birth partner.

We have this course online for women only couples.

For more information and to sign up for this go to **www.durham.gov.uk/solihull** or speak to your midwife about an in person course.

Preparation for Parenthood

Everyone wants the best start in life for their new baby. Pregnancy is a great time to start thinking about the healthy lifestyle you want for yourself and your family

Run over 6 weeks, you will learn about:

- Looking after yourselves before and after the birth
- Exploring the kind of family lifestyle you want to provide for your child
- Trying out new habits so you will be a healthy role model for your new baby
- Understanding and responding to your newborn's needs

For more information or to book a place, please contact **hdft.henrypractitioners@nhs.net**

Contact details for all our Family Hubs are on the back page.

Supporting you through pregnancy and preparing to become a parent

Me, You and Baby Too - **Online**

This online course is for new and expectant parents. Having a baby is one of the biggest changes couples can go through. You both may be tired and stressed, and may argue more. Me, You and Baby Too is designed to help you find your way through these changes so you can sort out any disagreements and keep moving forward together. This will be better for you, your partner, and better for your baby!

Find out more at www.durham.gov.uk/relationshipsattercourses

Durham Young Dads Project

Durham Young Dads Project support young dads and dads-to-be. They provide:

- Face to face and online support.
- Individual help to address key challenges and difficulties.
- Help to attend key meetings with other services and professionals.
- Support to 'get out of the house', meet new people and try new things.
- Family focused activities including 'Stay and Play' sessions.
- Dad focused activities including young dads groups, cycling, 5-A-side football, and video gaming.
- First aid, parenting, and relationship skills sessions.
- Employability skills.
- Volunteering opportunities including film making, peer research and the development of a Young Dads Council.

For more information please call or text 07990 164 449 or email info@neydl.uk

Contact details for all our Family Hubs are on the back page.

Supporting you and your baby/toddler

Baby and Me and Toddler and Me groups are free and run for 90 minutes, once a week. Don't worry if you can't make the start or need to leave early – these are drop-in sessions, and you can stay for as long as you like.

Baby and Me

For families with babies from birth to 12 months

This is an informal group where you can enjoy time with your baby and meet new parents.

Sessions include sensory play, baby massage, song and rhyme, messy play and other activities to help your baby to learn, and their brain and body to develop.

Staff will be able to provide advice and support about how you can bond with your baby, learn to understand and respond to your baby, and issues such as safe sleeping, and safety in the home.

Toddler and Me

For families with children aged 1-2 years

This is an informal group that allows you to mix with other parents and helps to get your child ready to go to nursery. Each week will focus on a different aspect of your child's development, including:

- Messy play where your child can enjoy sensory play with lots of different experiences of sounds, touch and smell.
- Opportunities for your child to play with children their own age.
- Rhyme and stories to support your child's speech and language development.
- Outside play with opportunities for your child to run, jump and use their physical skills to support and develop their coordination skills.

Staff will be on hand to provide advice and support around your child's health, supporting your child's development and keeping your child safe.

Contact details for all our Family Hubs are on the back page.

Supporting you and your baby/toddler

Understanding your Baby

This course is for everyone around a new baby: supporting you and your new baby from birth to 12 months. You will learn about your baby's brain development and their physical and emotional development. It shows how important your relationship with your baby is for their development. It combines the traditional information given on a postnatal course with this new approach to developing your relationship with your baby. It looks at your baby's sleeping, feeding, crying, playing and childcare options.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Baby and us

An eight-week course for families of babies under the age of one.

The course is led by parents (who have been trained by EPEC to become Parent Group Leaders) who understand your experiences. The course will give you more confidence in your role as a parent by:

- helping you to bond and communicate with your baby, understanding your baby's cues and how to respond to them
- understanding the impact of the experience you had during the birth
- learning how to stimulate your baby using singing, touch and physical play
- helping you to understand your baby's temperament
- helping you to understand your own, your baby's and your partner's feelings and how these can impact on each other
- understanding your baby's crying, sleeping, feeding and to feel more confident managing your baby's routine
- helping you to strengthen your relationship with your partner or co-parent
- helping you make friends with other parents who can support you visit www.durham.gov.uk/EPEC

Contact details for all our Family Hubs are on the back page.

Supporting you and your baby/toddler

Incredible Babies

This programme is for you and your baby to attend together. You will learn about how your baby grows, ways to support their development and meet other parents.

You will learn how to:

- Understand what your baby wants or needs
- Cope with crying
- Keep your baby safe and baby proof your home
- Understand how your baby learns from you
- Help and support your baby's development
- Set up routines and bedtime rituals
- Keep your baby and yourself calm
- Introduce food to your baby
- Understand the importance of looking after yourself

To get the most out of this programme it is best to start before your baby is 6 months old so you can learn about how to support their development right from the start.

These free sessions run weekly for 10 weeks and last 2 hours each.

For more information or to book a place, contact your local Family Hub.

Contact details for all our Family Hubs are on the back page.

Supporting you and your baby/toddler

Infant Feeding Support Groups

These sessions provide support for parents and carers no matter how you choose to feed your baby. Staff can offer advice and support around how to recognise that your baby needs food and comfort, as well as practice. hints and tips on feeding your baby.

Ask your health visitor or at your local Family Hub for more information.

Starting Solids Workshop

Introducing solid foods is the start of a whole new chapter for you and your baby. This workshop helps you get your baby off to a great start. It will help you decide:

- When your baby is ready to try solid food
- What foods to start with
- When your baby is hungry and when they've had enough
- How to make mealtimes an enjoyable experience for both of you

Email hdf.henrypractitioners@nhs.net to find out more

Healthy Teeth

Having healthy teeth is important for young children's development and wellbeing, as decay in first teeth can affect their adult teeth.

This session will help you understand:

- Everything you need to know about toothbrushing
- How you can make toothbrushing fun
- When to start helping children brush their own teeth
- How what children eat and drink affects their teeth

Email hdf.henrypractitioners@nhs.net to find out more.

Contact details for all our Family Hubs are on the back page.

Supporting you and your baby/toddler

Understanding your Child - Online

This is an online course for all parents, grandparents and carers of children aged 0-19 years. It will help you to understand your child's development and feelings. Understanding feelings is vital as all behaviours start with feelings. It also considers different styles of parenting, and the importance of sleep and having fun together. It helps you reflect on how you and your child communicate with each other and how this can be key to moving forward when things are tough.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Bumps to Baby

Bumps to Baby can support you if you are pregnant or have had a baby in the last 12 months, and are struggling (or have previously struggled) with your mental health.

The groups are a place where you can chat with other mams and support each other over a cuppa! They will help you to build relationships with your baby, understand that you are not alone and build your confidence to move forward.

If you would like to attend ask your midwife, health visitor, or GP for more information.

Contact details for all our Family Hubs are on the back page.

Supporting you and your baby/toddler

Understanding your Preterm or Sick Baby in Hospital

- **Online**

This online course is for parents of premature or sick babies who are in hospital. It is also for grandparents, friends and family...anyone who is involved with your baby/babies. The course looks at you and your baby's experience of being in hospital and how to find support in the middle of everything. It also helps you to prepare for the time when you will all return home.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Understanding your Preterm or Sick Baby now you're Home - **Online**

This online course is for families of premature or sick babies who have been discharged from hospital and are now at home. The course covers sleeping, crying, feeding, development and childcare, as well as the relationship between you and your baby/babies. It also has special sections for dads/partners.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Contact details for all our Family Hubs are on the back page.

Supporting you with understanding your child / teenager's behaviour

Being a Parent – Empowering Parents Empowering Communities (EPEC)

For parents of children aged 2 - 11 years old, delivered by parents.

This group will help you understand your child's behaviour and learn positive strategies to help you as a parent. These sessions are run by parent facilitators.

- Take time out for yourself
- Meet other parents
- Get practical support for day-to-day challenges of being a parent

Sessions run weekly for 9 weeks and last 2 hours each.

For more information visit www.durham.gov.uk/EPEC

“ **Parent Comment** - This parent-led course is run by real people with real experiences, and they don't tell you how to do things, they give advice on what worked and didn't work for them. ”

Understanding your Child - Online

This is an online course for all parents, grandparents and carers of children aged 0-19 years. It will help you to understand your child's development and feelings. Understanding feelings is vital as all behaviours start with feelings. It also considers different styles of parenting and the importance of sleep and having fun together. It helps you reflect on how you and your child communicate with each other and how this can be key to moving forward when things are tough.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Contact details for all our Family Hubs are on the back page.

Supporting you with understanding your child / teenager's behaviour

Incredible Years

For parents/carers of children aged 3-10 years.

Incredible years will give you knowledge and skills to understand your child's behaviour. You will learn how to build positive relationships with your child and how to help them manage their behaviour in a positive way. Sessions include:

- How to play with your child
- Supporting your child's self esteem
- How to praise and reward your child
- Understanding your child's needs as they grow and learn

This course runs for two hours a week, over 10 weeks.

For more information or to book a place, contact your local Family Hub.

“ **Parent Comment - It's been a really helpful course and really easy to understand. I have a chance to ask questions and learnt how to praise my child and calm problems down fast.** ”

Understanding your Teenager's Brain - **Online**

Find out what happens to the brain as a child hits adolescence in this short course “Understanding your teenager's brain”. See how this explains some of the changes in their behaviour that you've noticed.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Contact details for all our Family Hubs are on the back page.

Supporting you with understanding your child / teenager's behaviour

Strengthening Families

For families with children aged 10-14 years.

This programme will help you and your child prepare for their teenage years.

You and your child will attend sessions together.

Through discussions, fun games and other activities, you will solve problems together, learn about rules and consequences and explore ways to show love and support, strengthening family communication.

This is a 7 week course, sessions are 2 hours.

For more information or to book a place, contact your local Family Hub.

Teen Triple P

For parents and carers of young people aged 12-16 years, Triple P will help you gain simple practical skills and strategies to raise your teenager to be confident, healthy and happy, and to improve your family relationship. You will learn how to use good communication and problem-solving to create and maintain a calm, positive family environment. Triple P is valuable to all parents, particularly those that are experiencing challenges with family relationships. Sessions will cover:

- The five key principals of good parenting
- Understanding your teenager and building relationships
- Managing behaviour and building self-esteem
- Planning for high-risk behaviour

Runs one 2 hour session per week for ten weeks.

For more information or to book a place, contact your local Family Hub.

Contact details for all our Family Hubs are on the back page.

Supporting you with understanding your child / teenager's behaviour

“ **Parent Comment** - Thank you for offering this course. Parenting is difficult and I feel the support from the staff and the other parents has made a huge impact. I feel able to deal with difficult behaviour in a calmer way I feel I can handle difficult situations better now and have new ideas and different strategies to help my son deal with his emotions. ”

Triple P Discussion Group

For parents and carers of young people aged 12-18 years.

The Triple P discussion group is an opportunity for parents who are experiencing a common parenting issue to come together to share their experiences. Workers will support you through the programme and will provide tips and strategies to support your child. Sessions will cover:

- Coping with your teenager's emotions
- Reducing family conflict
- Getting your teenager to co-operate
- Building your teenager's survival skills

There are four sessions, lasting 2 hours each. You can attend as many sessions as you like.

For more information or to book a place, contact your local Family Hub.

Contact details for all our Family Hubs are on the back page.

Supporting you with your child's wellbeing

Triple P FEARless

For parents/carers of children aged 6-14 years.

This group helps where you have a child who has anxiety which might be causing them to miss school or social events. It helps you to understand your child's anxiety, recognise when your child is anxious and develop skills and techniques to help your child cope with their anxiety.

Sessions run for 2 hours a week over 6 weeks.

For more information or to book a place, contact your local Family Hub.

Staying Cool

For parents, carers, parent-figures and their teenager.

You will work with your teenager to understand their emotions and how to deal with them. You will learn to understand your teenager's emotions and support them to manage their anger/frustration in a positive way. You will learn how to support your teenager to take responsibility for their actions.

This is a one-day course (9am until 4pm).

For more information or to book a place, contact your local Family Hub.

Staying Cool

For parents and carers.

This course provides you with the knowledge and skills to manage your anger/frustration, by helping you increase your understanding and self-awareness of your emotions.

This is a one-day course (9am until 4pm).

For more information or to book a place, contact your local Family Hub.

Contact details for all our Family Hubs are on the back page.

Supporting you with your child's wellbeing

Understanding your child's feelings - Online

This is a short taster course that will help you to understand more about your child and what they are feeling. If you like this you might like the bigger 'Understanding your child' or 'Understanding your child with additional needs' courses too.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Understanding the impact of the pandemic on your child / Understanding the impact of the pandemic on your teenager - Online

These short courses are about understanding how the coronavirus pandemic may have affected your child/teenager emotionally. You may have noticed that your child/teenager's interests have changed since returning to school, or that your child/teenager is more anxious, or you might be worried about their social life. This course may help you to process the impact of the pandemic on your child/teenager.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Supporting your child with their wellbeing

Chill Kids

For children aged 7-11 years old.

This course will help your child with big feelings find ways to manage their emotions and remain calmer. Sessions are delivered in a group. The course will cover:

- Helping children to identify different feelings and emotions
- Understand how their body feels when they experience emotions
- Strategies to remain calmer when they have big feelings

Sessions last one hour and run weekly for 6 weeks.

For more information or to book a place, contact your local Family Hub.

“ **Parent Comment - We were both apprehensive at the beginning, but Chill Kids was definitely the right group for her. Big improvement on her behaviour and communication with me.** ”

Teen Zone

For young people of secondary school age.

In the group there are activities to look at self-esteem, building confidence, and managing emotions. This group will allow young people to understand changes in adolescence and how this may impact on their behaviours and emotions, whilst mixing and building social skills with other young people.

Sessions last one hour and run weekly over 6 weeks.

For more information or to book a place, contact your local Family Hub.

Contact details for all our Family Hubs are on the back page.

Supporting your child with their wellbeing

Safer Choices

For young people of secondary school age.

Safer choices allows young people to come together in small groups to discuss adolescence, friendship, risk taking and peer pressure, and to understand and consider how the choices they make could have negative consequences. The group will look at how young people make safer choices in life and feel confident to do this.

Sessions last one hour and run once a week over 6 weeks.

For more information or to book a place, contact your local Family Hub

Staying Cool Teens

This course provides knowledge, skills and ideas to understand and address your emotions. The sessions help you to understand your anger/frustration and how to deal with it, to prevent it turning into aggression.

This is a one-day course (9am until 4pm), or runs for 1 hour per week for 6 weeks.

For more information or to book a place, contact your local Family Hub.

Contact details for all our Family Hubs are on the back page.

Supporting your child with their wellbeing

Understanding your Brain - Online

For teenagers.

Find out what's happening in your brain in this short course. Your brain changes as you hit adolescence. See how the changes in your brain explain some of the changes in your behaviour.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Understanding your feelings (for teenagers only!) - Online

Feeling overwhelmed? Confused? Want to know more about your feelings and thoughts? This course is for you! It looks at how we process our thoughts and feelings and includes a module on how the COVID pandemic may have affected you.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Contact details for all our Family Hubs are on the back page.

Supporting you with your child's additional needs

Understanding your Child with Additional Needs

- Online

This course is for parents, relatives and friends of children who may have a physical or learning disability, or who may have autistic traits. In the UK, you may be within the SEND (Special educational needs and disability) system. Some parents describe their child as differently abled, or neurotypical.

The course is in two sections. Level 1 helps you to understand your child. Level 2 looks at some particular aspects of parenting: sleeping and anger management, together with more about how we interact with each other. Understanding this can make it easier to work with your child's behaviour as well as supporting their development.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Triple P Stepping Stones

For parents of children with a disability or additional need up to the age of 12.

Stepping Stones is great if you are struggling with your child's behaviour or if you would like to learn parenting skills to help promote their development and potential. You'll meet with a group of parents who also have a child with a disability or additional needs. You will learn strategies for dealing with behaviour and get a book to take home for you to keep. The workers running the group will also call you at home after the group ends to answer any questions you may have.

Session run weekly for six sessions and last 2 hours each.

For more information or to book a place, contact your local Family Hub.

“ **Parent Comment - this has been such an interesting course, I've learnt a lot about changing my own behaviours in the hopes of benefiting my child and allowing her to understand her behaviours a little more.** ”

Contact details for all our Family Hubs are on the back page.

Supporting you with your child's additional needs

Supporting your Child with Autism

For mams, dads and carers with children with Autism (or pre-diagnosis). These sessions will help you to have a better understanding of Autism and how to meet the needs of your child. Sessions will help you to:

- Get a better understanding of Autism
- Communicate with your child
- Understand your child's sensory needs
- Understand how your child behaves and how to manage their behaviour
- Find your way around education, including the Education Health Care Plan assessment and your rights
- Find out what support is available for you and your family
- Understand how you can keep your child safe, eg online safety
- Look after yourself and develop coping skills.

Sessions run weekly over ten weeks.

For more information please contact **DurhamLearn@durham.gov.uk** and use 'Autism Families Course' as the e-mail subject.

Being a parent of a child with Autism (course)

All families are different, and all children with autism are different. Our FREE course supports you and your child with autism.

This 10-week course will give you the chance to step back and understand how autism affects your child.

You will get hints and tips to help you cope as a parent, including:

- the effects of autism
- parenting and family life
- communicating with your child
- encouraging flexibility
- social skills and communication
- positive parenting, managing behaviour and coping with meltdowns

For more information visit **www.durham.gov.uk/EPEC**

Contact details for all our Family Hubs are on the back page.

Supporting your relationship

Relationships Matter

Conflict is a normal part of any parent's relationship. It only starts to be a problem when conflict is frequent, intense and not resolved well. Conflict can affect your child's mental health, behaviour and success at school.

Our website has support and information on courses that can help you and your family manage better during a divorce or separation.

Find out more at www.durham.gov.uk/relationshipsmatter

Me, You and Baby Too - Online

This online course is for new and expectant parents. Having a baby is one of the biggest changes couples can go through. You both may be tired and stressed, and may argue more. Me, You and Baby Too is designed to help you find your way through these changes so you can sort out any disagreements and keep moving forward together. This will be better for you, your partner, and better for baby!

Find out more at www.durham.gov.uk/relationshipsmattercourses

Arguing Better - Online

This online course is for parents experiencing high levels of stress and couple conflict. It is all about finding helpful ways to communicate during stressful times. You will learn why arguments happen, how you can affect them, and the best ways to support yourself and your partner or co-parent. It may be particularly useful if you are dealing with a lot of stress, or arguing more than you'd like to.

Find out more at www.durham.gov.uk/relationshipsmattercourses

Supporting your relationship

Getting it Right for Children - Online

This online course is for separating or separated parents experiencing high levels of conflict. The goal of this course is to minimise the effects that parental separation has on children. It is designed to help you communicate better for the sake of your children. You don't have to complete this course in one go, it's often best to spread it over a few weeks to give yourself time to reflect and practise the skills.

Find out more at www.durham.gov.uk/relationshipsattercourses

Understanding your relationships - Online

This course is for anyone who is in a relationship. You may want to celebrate your relationship, give it a bit of an MOT or you may feel your relationship is in need of some attention. Maybe you feel you are drifting, or perhaps things have been difficult lately and you're looking for a way forward. The course covers feelings, communication, conflict in relationships, anger, repair and more.

For more information and to sign up for this go to www.durham.gov.uk/solihull

Parenting When Separated

This is an in-person, practical and positive course for parents who are preparing for, going through or have gone through a separation or divorce. The course will support you in 'Parental Coping and Self Care', 'Parenting' and the 'Co-parental Relationship'. The programme highlights positive and practical steps you can take to help your children cope and thrive as well as coping successfully yourselves.

This is a 6 week course with an additional one-to-one introductory and follow-up session. Programmes are delivered either in-person or online. Each of the sessions will run for 2 hours.

For more information or to book a place please contact PWS@durham.gov.uk

Contact details for all our Family Hubs are on the back page.

Supporting with domestic abuse or family violence

Domestic Abuse Support

We offer a range of programmes in partnership with Harbour. Harbour works with families and individuals who are affected by abuse from a partner, former partner, child or other family member.

For more information about the support Harbour offer, or if you feel you need support go to www.myharbour.org.uk or contact 03000 20 25 25

Contact details for all our Family Hubs are on the back page.

Supporting you with your child's health

Healthy Start, Brighter Future

We run several programmes that look at supporting the whole family to make positive lifestyle changes, creating healthier and happier home environments. Programmes run across the year.

For more information or to book a place, please contact hdfh.henrypractitioners@nhs.net

Healthy Families Right from the Start 0-5

This programme can help everyone with a baby or young child. Each week helps you provide a healthy, happy, supportive environment for the whole family. Over the sessions you will cover:

- Parenting confidence - deciding what changes you want to make and how to juggle life with young children
- Physical activity for little ones - ideas for active play
- What children and families eat - positive mealtime tips, food groups, portion size and snack swaps
- Family lifestyle habits - how to respond to children's needs, managing behaviours
- Enjoying life as a family - celebrating your success as a parent

Sessions run weekly for 8 weeks.

For more information or to book a place, please contact hdfh.henrypractitioners@nhs.net

“ **Parent Comment - Loved the course, really informative. Learned loads about healthy eating today, portion sizes, listening to the child and having a good mealtime routine.** ”

Contact details for all our Family Hubs are on the back page.

Supporting you with your child's health

Healthy Families Growing Up 6-12

This programme is for parents or carers who would like support and ideas to develop a healthier family lifestyle which parents and children can both enjoy.

- Parenting confidence - thinking about the changes you want to make, healthy families and what parents can do to help
- Physical activity for the whole family - enjoying getting active as a family
- What children and families eat - healthier meals and snacks, portion size, and food groups
- Family lifestyle habits - exploring peer pressure and body image
- Enjoying life as a family - negotiating agreement as a family including food, screen time and sleep

For more information or to book a place, please contact hdft.henrypractitioners@nhs.net

Fussy Eating Workshop

Fed up with stressful mealtimes? We're here to help...

As parents we want our children to eat well – and to enjoy mealtimes together. Come along and get support and new ideas for:

- How to encourage your child to try new foods - and begin to enjoy them!
- Child-friendly foods that provide what they need to grow and be healthy
- Happier family mealtimes

Sessions are delivered monthly and are held online.

For more information or to book a place, please contact hdft.henrypractitioners@nhs.net

Supporting you with your child's health

Eating Well for Less

Healthy eating doesn't have to be expensive - and can be delicious!

Would you like to eat more healthily as a family, but you're not sure where to begin or how to manage it without breaking the bank? This workshop helps the whole family to eat well for less including:

- Tips for a cheaper, healthy shopping basket
- Healthy meal planning to make the most of the food you buy
- Recipes for tasty, simple and healthy low-cost meals

For more information or to book a place, please contact hdft.henrypractitioners@nhs.net

DurhamLearn

Durham Learn offer a huge range of courses - whether you want to boost your job prospects, learn first aid, help the kids with their homework or turn a hobby into something more, they have a course for you.

You can meet new people and make friends with their classroom-based courses, or if you want to fit something in around your busy lifestyle then their online or blended learning courses are perfect for.

With locations across the county and courses starting throughout the year, there is sure to be something to suit you.

For more information about what Durham Learn offer please go to **www.durham.gov.uk/durhamlearn**
